

# The only open universal microbiology automated reader

Digital Image Analysis by  
**Giles Scientific USA**

## Software Modules

### Antibiotic Susceptibility

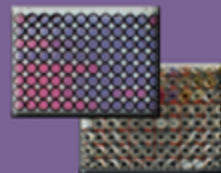

- Disk Testing
- Etest® & MIC Strips

### Identification

- API®
- RapID™
- Crystal™
- Liofilchem®

### 96 Well Microtiter

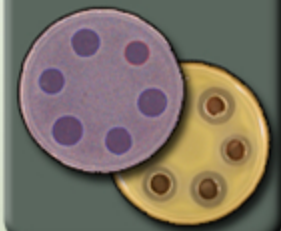

- Custom
- MicroScan®
- TREK

### Colony Counting

- Colony Counting
- Chromogenic Agar

### Antibiotic Potency

- USP, CFR, AOAC
- BP, EP, JP
- Hardware Options:
  - Peni Cylinders
  - Dispenser
  - Caliper

Quality Control, Inventory Management, Epidemiology, Reports, LIS
